Adoption services for Amadeus cytric Travel & Expense

Powering smarter business travel

Your corporation has chosen Amadeus cytric Travel & Expense to get a greater return on investment. And this needs to go with greater user engagement. That's why we provide you with the best user experience and content for all. We have the right set of services ready to boost your adoption. It all starts by better understanding what travel and expense policy is all about and empowering everyone. Here's how...

Get a greater return on investment

We help you to prepare your teams for the change to your new travel and expense management solution. This way you share the right information at the right moment. And your business is not affected by the change.

We have the services to fulfil your needs at each step of the adoption process.

Our welcome pack includes the initial tools to start off in the best possible way. You can then add your own mix from our proposed services on demand.

With our services, you ensure your business efficiency and continuity 24/7/365.

Keep your users engaged with high adoption rates

From internal communication to awareness sessions, all is set for your travellers to make this solution their own.

The booking and expense management tool is built to offer the best user experience. To make it even easier, we provide the deliverables and knowledge transfer that will push its adoption.

We also provide you with the tools to measure the success of your implementation.

You do the business. We do the travel.

Discover your on-site Adoption Manager

Travel cost reductions together with increased employee engagement is not just about installing our solution. And we're here for that. If you opt for an Amadeus expert on-site, following the change management phases gets simple. We track your return on investment by comparing online versus offline bookings, together with the savings by company travel policy.
